**Detailed Action**

***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on 9/18/2008 has been considered by the examiner. Since the references, individually or combined, do not teach “in an association response from a requested access device denying an association request of a mobile station, an identification of at least one allowable wireless network device with which the mobile station may associate”, it has been concluded that the references individually or combined do not teach the invention as stated in independent claims 1, 12 and 30.
